Always Improving

St. Louis continues to add new features to its downtown!

In 2023, the new LINK Learning Center opened at 201 North Mill Street! Students get full virtual, tuition-free high school education that they need to succeed. Certified teachers experienced in online learning deliver a personalized curriculum tailored to the unique strengths of every student so they can find the future they deserve.

The 6,000 square foot facility underwent a complete interior and exterior renovation and put a former grocery store building to good use. Not only does this project serve the needs of the area community, it also is a significant traffic generator for downtown. You can find them on Facebook for more information at "Link Learning St. Louis."

St. Louis also has many quilt blocks on the Gratiot County Quilt Trail! Visit www.gratiotcountyquilttrail.com
